President's Statement

Greetings woodcarvers! I would like to thank everyone this year for your support with our annual woodcarving show! It takes everyone to make this show work! I feel we put on a great show this year and believe everyone had a great time! It's hard to believe that the holidays are upon us already! As we attend our last official business meeting of the year, I want to thank all the officers and board members and committee members for a great year and making my job easy! See you at the meeting!

Doug

Raffle Project

Project Committee: (Karen, Pam Karl, Loren, John, Doug) The 2023 project is a Nativity Scene. It is time to finish the project. We absolutely must have all carvings by the November meeting so that we can apply the finish and have the second nativity scene ready for the Christmas dinner.

Library Committee

Pam Kasiske and Doug Bibles have updated the library. The library is a great resource. Check it out. Members who have checked out materials from the library are asked to return items after a 2-month period. Items can be renewed.

Jocularity

- I never thought I'd be the type of person who would get up early in the morning to exercise. I was right.
- I read recipes the same way I read science fiction. I get to the end and think "well that's not going to happen!"
- Threw out my back sleeping and tweaked my neck sneezing, so I'm probably just one strong fart away from complete paralysis.
- Are you sweating while putting gas in your car, feeling sick when paying for it? You've got the carownervirus.
- Today a man knocked on my door and asked for a small donation towards the local swimming pool. I gave him a glass of water.
- I find it ironic that the colors red, white, and blue stand for freedom until they are flashing behind you.
- When wearing a bikini, women reveal 90% of their body... men are so polite they only look at the covered parts.
- A recent study has found that women who carry a little extra weight, live longer than the men who mention it.
- Relationships are a lot like algebra. Have you ever looked at your X and wondered Y?

Pre-meeting Classes

The next class will be a class by Sue Eckmann on carving a small figure. The class will start at 4:00 PM.
